CLEVELAND SEEKING OLYMPIC CONTESTS

Wants the Big International Some Star Baseball Men Change Event in That City in 1914 or 1916.

CLEVELAND, Jan. 5 .- in the opinion which and which will be a feature of the

brought to Cleveland in 1944 or 1948.

The course of the original Marathon event was a fraction over twenty-six miles and this distance has been used in the races ever since. Engineers in the city park department say that the completed boulevard chain will be thirty miles in length. This includes the uncompleted link from Edgewater to Gordon parks. Without this it would be twenty-two miles.

Sport Director McKay believes that the course would be just about the proper length.

If the great stadium is located at Brookside or at Fairmount reservoir or some other location that is in or near the park system the runners could make the entire twenty-six miles without leaving the city park system.

Congressman Howland will offer a resolution in congress shortly pledging an appropriation of \$250,000 for Olympic games purposes in the event that the international event is brought to Cleveland. If this appropriation is allowed, representatives of the Cleveland commission will go to The Hague convention in the spring when the site of the games following those in Stockholm in 1912 will be decided upon.

BEFORE J. F. WIERBACK BILLIARD LEAGUE WILL SOON RESUME TOURNEY

PITTSBURG, Pa., Jan. 5—The three-cushion billard league will resume its tournament when the Pittsburg players meet their New York opponents here tonight. This will be the first meeting between the eastern and western clubs, and the games will be continued for three nights. Blair, Monshan and Bloomenthal, who will play for New York, will meet the Kansus City players in the western city just before Christmas.

Considerable interest attaches to the playing of the games here this week as heretofore there has been no opportunity to compare the skill of any eastern players with their western colleagues. The standing of the clubs in the national tournament at the present time follows:

HE CAN "COME BACK"

FITTSBURG. Pa. Jan 5.—Battling Nelson, who was in Pittsburg last week, is not certain that he can "come back" and whip both Moran and Woigast, but he thinks so. Today he said:

"I'm not going to work the Jeffries stunt on the public, so I have decided to go back to my ranch in New Mexico in a few weeks and there try myself out in server. If I can 'come back' in one will be the wiser.

"I'm not going to work the Jeffries stunt on the public, so I have decided to go back to my ranch in New Mexico in a few weeks and there try myself out in server. If I can't 'come back' in one will be the wiser.

"I'm not satisfied that I'm out of the championship running, not by a whole dot," continued the famous battler. "I'm in good shape, but there are some questions that I must answer to myself before I issue a challenge. Moran is a hard fighter, but I do not believe yet that he heat me. I am satisfied that Referee Selig did not give me the full count. Ho counted to nine, but went no further."

EVANS HIT BY PITCHERS THIRTY-ONE TIMES IN 1910 ENTRIES FOR BOWLING

NEW YORK, Jan. 5.—The best patron of the "hit by pitcher" column in the National league box scores last season was Steve Evans, right fleider of the St. Louis team, according to the discovery of one of the New York scribes.

Evans reached first thirty-one times by stopping pitches with various parts of his anatomy. Evans never gave the appearance of trying to let the floaters rub against him, but he had a way of crowding the plate and was none too adept at sidestepping the slow ones. As getting to first one way is as good as another, Manager Bresnahan considers Evans' ability to get hit a decided success.

DALLAS, Tex., Jan. 5.—Because of a high wind, today's aviation programme was postponed until Monday. Announcement that the events planned would be postponed came after Charles K. Twenty-five feet up, a sudden veering of the wind tilted the planes and Hamilton fell. The machine was slightly damaged, but the aviator was undert.

NEW YORK, Jan. 5 .- It is announced here that Senator Joseph W. Bailey of Texas has decided to sell his entire trotting horse breeding stud and will retire permanently from the ranks of breeders. The announcement is made by his New York agents, who have been authorized to sell his entire string of horses, about fifty head in all, at public auction next month. The only horse which will not go under the ham-

mer is the famous stallion Prodigal, 2:16, now 25 years old, which the sen-ator has owned many years. Senator Bailey gives lack of time and pressure of other business as the reason for his decision. The announce-ment came as a surprise to horsemen here. The senator is the only leading man in public life interested in the American trotter as a practical breeder, He is rated as an authority on blood lines, and scientific breeding, and for many years has taken an active part in the improvement of the American light harness horse and the advancement of racing. SAN FRANCISCO. Jan 5.—Jack Hogan, the San Fancisco light weight, and Frankle Burns of Oakland are matched to box twenty rounds on Friday night, January 27, at Dreamland rink, under the auspices of Jim Griffin's Broadway club. referee will be selected ten days prior to January 27.

Walter Franey, representing Hogan, finally agreed to accept 50 per cent of the house for the boxers' end, and this money will be cut 60 per cent to the winner and 40 per cent to the loser. In addition there will be a \$1000 side bet at even money. Jack Perkins, who handles Burns, already has deposited his \$1000 with Tom Corbett and Franey has promised to cover this at once.

The articles of agreement have not been drawn up, but that will be attended to at once, and the articles will be signed and forfeits posted. John T. Clark has been agreed upon as the stakeholder for the forfeit money.

While it is a local match, it is a bout that should draw well, as both boys are well known and have large followings of their own. In will be the second match in the professional ranks for Hogan, who started his career by earning a decision over Johnny Frayne recently in an openair contest. Burns has had one battle with Hogan, a four-round affair, in which Hogan will locate once more at Shanon's, in San Rafael, while Burns will do his training as of old, at Al White's place at Freeman's park.
